1. Turn on the Bluetooth headset and set it to pairing mode.
2. Insert Bluetooth adapter, press and hold the pairing button for 4 seconds, the white corresponding LED flashes, and enter pairing mode.
3. The indicator light turns white and is always on. After pairing, it can be used.
   Note: A and B keys have the same pairing method.
- You can pair a headset with a B headset and connect two Bluetooth headsets at the same time.
- The middle indicator is the current working mode.
- The headset that has already been paired can be used again without pairing. Just plug in the Bluetooth adapter.
